Hosta College Committee Members  
c/o Ms. Glenda Wogoman  
President - Great Lakes Regional Hosta Society

To: Ms. Glenda Wogoman, President – GLRHS and  
All of the Society Members of the Hosta College Committee:

On behalf of the American Hosta Society, I want to commend the Hosta College Committee on the milestone of celebrating twenty five years of hosting this outstanding educational event. I know that to host an educational event of this scale each year requires the dedication and hard work from countless volunteers from each member society. I have also been impressed at the caliber of speakers and educational session topics, as well as the increase in the number of attendees over the twenty five years.

Please extend these congratulations on behalf of the American Hosta Society and its Board of Directors to each of the participating societies and AHS wishes you continued success and growth sponsoring Hosta College in the future.

Yours in the "friendship" plant,

Gregg A. Peterson  
President of the American Hosta Society
